Welcome to the Adopt-A-Dog volunteer program. We appreciate your interest in our organization. As a nonprofit animal shelter, we greatly depend on our volunteers. Your time and the variety of skills you offer support our organizational efforts and provide quality care for the animals at our shelter.

We are very committed to supporting your role as a volunteer by presenting you with a consistent and thorough training program to allow you to do your best at our shelter. The shelter's orientation and handling training is for your benefit and designed to keep you informed, safe and to teach you new and useful skills. Safety is a huge priority for Adopt-A-Dog and our main concern for all of our volunteers.

We have many different positions that volunteers can choose from based on their skill and comfort level. Feel free to let the Volunteer Coordinator know if you are interested in another position so you can advance in the program. We will be more than happy to teach you another aspect of our shelter.

We hope you find volunteering at Adopt-A-Dog a fun and rewarding experience. We know that your time is valuable and that you chose to dedicate it to us. The staff and animals at Adopt-A-Dog truly appreciate your help!

About Adopt-A-Dog

Adopt-A-Dog is a recognized 501(c)(3) charitable organization whose mission has been to Save, Socialize and Secure Loving Homes for Unwanted or Abandoned Dogs. We have been serving the tri-state area and beyond for over three decades. Our shelter is open seven days a week. Our dedicated staff and volunteers strive to provide the best care possible while the animals are at our shelter awaiting safe and permanent homes.

The purpose of the Adopt-A-Dog volunteer program is to provide a welcoming environment where our organization can create a positive impact on our community and give people the chance to dedicate their time making a difference into the lives of homeless animals any way they can.

About this Handbook

This handbook summarizes the policies and guidelines for our volunteers. For any further questions or clarifications, please ask the Volunteer Coordinator or a staff member. All policies and guidelines are subject to change at any time. We will notify you of these changes as soon as possible.

Principles of Adopt-A-Dog

Adopt-A-Dog has values each volunteer needs to respect. These are some of the qualities we want our volunteers to embrace.

- The Golden Rule: To treat all living things as we would wish to be treated.
- Kindness: To demonstrate compassion and respect for all living creatures.
- Positive Influence: To create a positive experience for yourself and others around you.
- Representation: To represent Adopt-A-Dog in a positive way to the public.

Volunteer Application

When signing up to volunteer, each individual will need to fill out a volunteer application form. This is the first step. The information that you provide will allow us to get to know you and to determine where you will be placed in our program.

Volunteer Orientation

We hold one Volunteer Orientation every month.

Before you begin volunteering you will be required to attend a volunteer orientation which will be announced each month.

- Understand the importance of basic training for Adopt-A-Dog volunteer
- Get a brief overview of the current sheltered animals
- Learn about the online volunteer program system
- Learn about the different procedures at the shelter (quarantine, safety and adoption procedures)

- Tour the shelter

If you are volunteering with the dogs, you will also need to attend a safe handling orientation before you begin to socialize with the dogs. This is included in the first Volunteer Orientation.

To advance in the Dog Socialization program you will need to meet with our Behavior and Enrichment Coordinator in order to be with more advanced dogs, take dogs for walks or adventures.

Euthanasia Policy

- We acknowledge that not every home is right for every dog and consider making the right match one of our greatest responsibilities. Similarly, we believe not every dog is well-suited for adoption and the safety of the individuals, families and other animals with whom we work and that of our volunteers comes first and foremost.
- We will take every action to provide training, rehabilitation and lifetime sanctuary for an animal in our care if that animal's behavior is deemed predictable and that animal's quality of life can be preserved. If our trainers, behaviorists and veterinarians determine that an animal poses an untenable threat, our obligation is always to protect the human beings involved and that animal may be humanely euthanized.
- Additionally, in the case of an animal that is suffering medically, we will exhaust all options to alleviate that suffering. If our best efforts are unsuccessful, that animal may be humanely euthanized.

Animal Help

While volunteering at Adopt-A-Dog, people may come to you with concerns about other animals in the community. Here are some tips of what to do in that situation.

If you or someone else is concerned for an animal, please inform a member of the staff at Adopt-A-Dog.

If the person has witnessed animal abuse or neglect, tell him or her to report it to local authorities — the local police, The Briarcliff SPCA Law Enforcement, animal control departments or a local animal shelter. Encourage people to report the abuse not only to help the animal in distress, but also to make local officials aware of the severity of the problem.

Thank You

Thank you for choosing to spend your free time with Adopt-A-Dog. We appreciate all the hard work and time you put into our organization. By volunteering at our shelter, you are helping enrich the lives of our shelter dogs!
